1. Przeczytaj tekst i wstaw w każdą lukę odpowiednie zdanie z punktów a-f:

How to learn about other cultures

There are a lot of ways to experience other cultures. (1)..... You can travel via the Internet and learn about other countries without ever leaving your house! (2)..... Reading through travel books and travel journals gives you great ideas about local and international destinations. Take a class at your community college that helps you learn about another culture. (3)..... It can be a dance class, like capoeira from Brazil, or a cooking class, like learning how to make mole from Mexico. (4)..... You can do it in many ways: read newspapers from other countries online, browse local websites with information about entertainment, trips and trends. Or take a look at local forums and blogs to get into real everyday slang and culture. (6)..... Many cities have "sister city" exchange programmes which select young people to visit the town's sister city for a week. Remember it is always good to have a friend from another culture. (6).....

- A) If you still want to travel, investigate exchange programmes in your community.
- B) You don't have to take a long plane flight and spend a lot of money.
- C) It helps you learn more about how people learn and think.
- D) Explore the Internet.
