- 3 The directions you gave me were and I got lost.
- 4 Lying on a beach is the least thing to do during summer holidays abroad.
- 5 Have you ever been by a film?

/ 5

Zad. 4. Podkreśl właściwy wyraz.

I use the Internet to practise my English. I (1) turn off/turn on the computer and spend about half an hour watching or reading something in English. I usually try to find some (2) cartoons/news from my country because it's easier to read and understand something you have already heard about. I also think that programmes about topics that are interesting for you are good for learning a foreign language. For me (3) documentaries/reality shows are helpful, especially when they are about history, which I think is very interesting. Another good source of English are (4) reality shows/sports programmes where you can follow the game and need little language to understand everything. You can even subscribe to special YouTube (5) channels/presenters and get information about new video clips.

Zad. 5. Wybierz czasownik w odpowiedniej formie.

((1) Have you read/Did you read Do Androids Dream of Electric Sheep? It was turned into a film called *Blade Runner* in 1982 and yesterday I (2) have seen/saw the sequel *Blade Runner 2049* in IMAX. I (3) haven't seen/didn't see such a good sequel for ages. And the cinema screen itself (4) has been/was amazing. It's so big! You can feel almost like in reality and see every detail. That's the best cinema experience I (5) have ever had/ever had.
