blind examination discharged illness injured operation sick unconscious

Last week my friend Peter complained that he had been feeling <sup>1</sup> \_\_\_\_\_ all day. I had paid little attention, because he often complains, but to my surprise he fainted and remained <sup>2</sup> \_\_\_\_\_ until the ambulance arrived. He was taken to hospital and the doctors gave him a thorough <sup>3</sup> \_\_\_\_\_. Luckily it turned out just to be a minor stomach problem and he didn't have to have an <sup>4</sup> \_\_\_\_\_. He was <sup>5</sup> \_\_\_\_\_ after a few days and returned home.
