Life in the 1800s

Amelia was born in England in the 1800s. Life was very different for women in those days. She wasn't allowed to go to university. Women couldn't go to university until almost 1900. Only women from rich and upper class families were allowed to study subjects such as Music, Art or French but they didn't have to work. In fact, many rich women couldn't work because they didn't have enough education or training. Women from poor families had to work in factories and laundries. In the 1800s, a woman was not allowed to keep the money she earned from her work, because she had to give everything to her husband. Rich women like Amelia weren't allowed to travel alone, someone always had to accompany them. Amelia couldn't go out with her friends or marry who she wanted. She always had to have the permission and approval of her family. She wasn't allowed to be a doctor, lawyer or a politician, in fact she couldn't even vote. Life was very different in the 1800s.
